

This is a comment regarding LPFM. K-LOVE serves me as a resident. I support them with pledges and enjoy listening to them. They are 1 of the only 2 radio stations I listen to. If K-LOVE was to be displayed by an LPFM broadcaster, then the community and I would be left out possibly. Many people in my area listen and support K-LOVE also. I really believe that its in the publics interest for K-LOVE to be on the air because they provide quality programming, encouraging music, and sound morals. Thank you - David T. Narens, Texarkana, AR
